Build and guess

One person builds in secret. Everyone else guesses.

Think charades, but with bricks.

You need

- The guess cards, cut out and face down
- A bin of loose bricks
- 3 or more players

How to play

1. The builder takes a card and looks at it. Do not show anyone.
2. Build the thing on the card. No talking. No sounds. No pointing.
3. Everyone else shouts guesses. Keep going until someone is right.
4. The first right guess gets 2 points. The builder gets 1 point for every correct guess, up to 2.
5. Pass the cards to the next builder.

Scoring

- Play 3 rounds each. Most points wins.

Make it harder or easier

- Easier: choose cards marked easy. Harder: you can only use 8 pieces.

Family mode

- Children and grown-ups both build. Grown-ups pick the easy cards so it is fair.

Small parts. Choking hazard. Not for children under 3.
