Family build night

Build together. Take turns. Swap.

Three ways for a grown-up and a child to build the same thing together.

You need

- Any build from this library
- A bin of loose bricks
- This sheet

How to play

1. Pick a build and open the guide.
2. Together: one reads the step, the other finds the pieces. Swap jobs every step.
3. Take turns: one person does a whole step. The other checks it against the picture.
4. Swap: build half the steps. Swap seats. The other person finishes.

Scoring

- No points. The best part is the building.

Make it harder or easier

- Pick a build with fewer steps, or ask the child to be the boss.

Family mode

- Make a family set. Everyone builds one animal, then make a farm.

Small parts. Choking hazard. Not for children under 3.

Family build night plan

Fill it in. Stick it on the fridge.

Our first build:

Our second build:

Our game:

Our snack:

Who gets to pick next time:

Jobs

Parts finder:	looks through the bin for the right pieces
Builder:	presses the pieces on
Checker:	looks at the picture and says 'looks right' or 'check step ...'

Small parts. Choking hazard. Not for children under 3.

Rainy day bingo

Cross off a square when you do it. Get a line to win.

Build a boat	**Build an animal**	**Find a red 2x4**	**Tallest tower**
Build a home	**Build with eyes closed**	**Use 3 colours**	**Build a rocket**
Build a pet	**Make a bridge**	**Play a card game**	**Build a robot**
Build a flower	**Build something silly**	**Build a car**	**Use only plates**

Small parts. Choking hazard. Not for children under 3.
