Mystery bag

Reach in. Pull out pieces. Build something from them.

A grown-up fills a bag with a mix of bricks. You take a few without peeking and build whatever the card says, using every piece you took.

You need

- A cloth bag or a paper bag you cannot see through
- About 40 loose bricks in the bag, all mixed
- The mystery cards, cut out
- A bin or tray for the leftover bricks

How to play

1. Draw a card. It tells you how many pieces to pull and what to build.
2. Close your eyes or look away. Reach in and pull out that many pieces.
3. Build what the card says. You must use every piece you pulled.
4. Show your build. Say what it is. Everyone cheers.

Scoring

- 1 point for using every piece.
- 2 points if the grown-up can guess what it is without being told.

Make it harder or easier

- Easier: take 2 extra pieces. Harder: take 2 fewer.

Family mode

- Grown-ups pull from the bag too. Swap bags with another player and see what comes out.

Small parts. Choking hazard. Not for children under 3.

Mystery bag

Build something that moves

Pull 6 pieces.

Mystery bag

Build something with a roof

Pull 7 pieces.

Mystery bag
